Resum

Una aventura èpica en la bogeria, aquesta sèrie de contes curta història alternativa, explora les cadenes que lliguen a l'esperit humà a la repetició de la supervivència.

~~~

Informació per si sola no té la veritat en si mateixa, fins que part del seu conjunt es passa per alt, ignorat o eliminat, de la qual cosa fins i tot l'obvi pot ser entès, acceptat o rebutjat.

Els Estats Units i la Unió Soviètica, dividit pel punt de vista, però units en la batalla, trobarà al final d'una guerra, el començament de la següent, la marxa de la paraula impresa cap al màxim poder, sempre i només per la distància que podia cobrir.

## Pròleg – Català

**S**ense absoluta com la veritat ens aventurem, en la ment, en el cos, esperit, som lliures de dubtar entre la realitat i els somnis a la recerca d'una supervivència digna de la nostra dignitat. Fins que la realitat, o el que sigui deixa anar la construcció d'aquests, ens trobem embolicats per, ens arrossega de nou a la durada delira aquí i ara, cap a la càrrega i el compromís a través del compliment i la lluita que les proves dels nostres somnis de la veritat.

Potser la veritat no era el que havia somiat que era, les paraules i els seus sentiments obligatòria sovint ennuvolen les nostres definicions dels conceptes més comuns. Que encara es parlen entre la ironia paraula sense ser irònic? En un món on l'ús més comú de voltes com ser la seva única definició, és el que lluita, en una broma el que casualment humor, per sobreviure, entre els

que riu amb les nostres veritats, ja que es riu  
dels nostres somnis, encara que mai ni tampoc  
a qualsevol amb aquest Fragment Terra.

**N**o, ell és més curta, pèl fosc, uniforme de l'exèrcit nord-americà.”

“Oh, triar les seves paraules més sàvies. D'aquesta manera,” la meua recerca frenètica seguit el suggeriment del seu dit al túnel estranyament il·luminada.

“Els Estats Units?” respondre l'oficial que segueix, “Viu o mort?”

“Viure!” Jo vaig insistir.

“Pujar les escales una dotzena de pisos, si

et dones pressa.”

“Tothom importants,” va respondre el dígit a la part superior, “ve d'al voltant d'aquesta cantonada no,” com em va resultar.

Summary

An epic adventure into madness, this series of alternate history short stories, explores the chains that bind the human spirit to the repetition of survival.

~~~

Information alone holds no truth within itself, until part of its whole is overlooked, ignored or removed, whereafter even the obvious can be understood, accepted or denied.

The United States, and the Soviet Union, divided by perspective but united in battle, find at the end of one war the beginning of the next; the printed word's march toward ultimate power, provided only by the distance it could cover.

## Preface – English

**W**ith no such absolute as truth we wander; in mind, in body, in spirit, we are free to waver between consciousness and dreams in search of a survival worthy of our worthiness. Until reality, or whatever loose construct of such we find ourselves engulfed by, pulls us back into the stark-raving here and now, toward burden and commitment through fulfillment and struggle it tests our dreams for truth.

Perhaps truth was not what we had dreamt it was; words and their compulsory feelings often cloud our definitions of the more common concepts. Who even among you speak the word irony without being ironic? In a world, where our most common use of such turns out to be its only definition, do we struggle, in a joke thereby so coincidentally humorous, to survive, among that which laughs with our truths as it laughs

at our dreams, while never neither does to  
either with this Fragment Earth.
